1. The Finality of the Office Action of 13 October 2005 is hereby WITHDRAWN, so the amendment of 12 January 2006 is entered. Per the discussions between the examiner and Applicant's attorney the application is now in allowable form except for the two small points of indefiniteness below which must be cured before the case is passed to issue.

2. Claims 4, 5, and 8 are allowable over the prior art of record.

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 6 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 6, "eliminating/using" and "empty/idle" are indefinite.

5. Claim 6 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernarr E. Gregory whose telephone number is (571) 272-6972. The examiner can normally be reached on weekdays from 7:30 AM to 4:00 PM.
